Apex Global Innovations Inc. - Annual Report Fiscal Year 2025

1. Letter to Shareholders

Fiscal Year 2025 has been a transformative period for Apex Global Innovations. Driven by accelerated adoption of enterprise AI and cloud automation platforms, our consolidated total revenue reached $14.8 billion, representing a 22.4% year-over-year increase compared to Fiscal Year 2024.

Operating cash flow expanded to $3.6 billion, providing robust liquidity for our strategic cloud infrastructure investments in North America and Europe.

2. Financial Performance & Revenue Breakdown

Segment Performance: The Cloud & AI Enterprise segment contributed $8.2 billion (55.4% of total revenue). Digital Services generated $4.1 billion, while Hardware and Embedded Solutions accounted for $2.5 billion.

Operating expenses were managed prudently at $6.1 billion. Research and Development (R&D;) expenditure reached $2.3 billion, concentrated on proprietary generative workflow engines and edge compute microservices.

3. Balance Sheet & Dividend Announcement

Total assets stood at $31.4 billion against total liabilities of $12.1 billion, resulting in a solid stockholders equity of $19.3 billion. The Board of Directors declared an annual dividend of $1.85 per common share payable on April 15, 2026.
